Getting feedback from residents:

- Using a Google Form to get feedback from residents

We want to understand:

- Are residents enjoying Stockwell?
- Do residents feel connected/included? (it's hard because there are so many singles...)
- What is working well?
- What isn't working?
- What would make living in Stockwell better?
- What could Hall Council realistically change?

Planning future events:

- Working with RA's for ideas
- Full hall budgets haven't been released yet.

Our main goals for events:

- Social
- Educational
- Community-building
- Something residents actually want to attend
- Potential monthly themes

Ideas:

- Tie-dye or white lies shirt decorating
- Scavenger events
- Game nights
- Ping Pong Tournaments

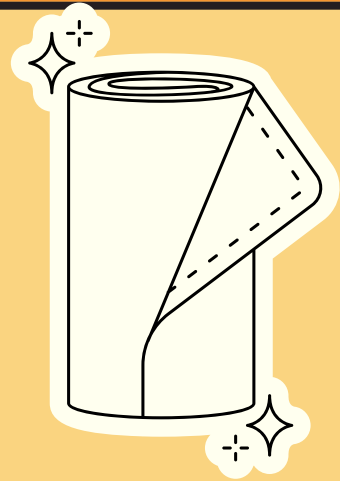

Council Bonding

We want to work closely with one another, so we will spend some of this meeting just getting to know each other & sharing more ideas!

Hall Improvements

Paper towels

- Look into availability/placement
- Determine whether more are needed in certain common areas

Ice machine

- Residents could benefit from easier access to ice
- Investigate whether adding one is realistic

Entertainment

- Nintendo Switch 2 (only at events)
- Xbox games (getting more)
- Potential shared games/equipment for residents

Hall Apparel

Current ideas

- Stockwell Hall T-shirts or hoodies (leaning more towards hoodies)
- Stockwell stickers
- Possibly other apparel/merch later
- Using merch as a prize/ giving them out for free if people attend events

Things to decide

- Design
- Colors
- Style
- Quantity
- Cost per item
- Ordering timeline

Feedback we've already received

- Approximately \$500 available to start
- RAs said not to use white

Thank you!
